ABOUT ME

I'm Hafiz Aryan Siregar, a graduate in Information Systems with a deep interest in technology and innovation. My journey in tech started during college and expanded through programs like Bangkit Academy and DBS Coding Camp.

personal SKILLS

I possess strong communication and teamwork abilities, with a proven leadership mindset and effective problem-solving skills. I am a fast learner, highly adaptable, and detail-oriented. I manage time efficiently, handle multiple tasks well, and excel in public speaking and analytical thinking.
